The Eagle Comes Home

**ACTION SHOT OF A
NEW ENGLAND LIFE AGENT**

L. to R., Tom Parker and Howard Soper of Parker-Soper, Architects; Dick Weldon

Dick Weldon discusses a \$50,000 increase in business insurance for Parker-Soper, Architects

It's hard to believe that Dick Weldon had never even sold life insurance until 1954. So much has been accomplished in the short time he's been with New England Life.

"I wanted a career that was not governed by anything except my own ambitions" — that's why Dick switched from an executive position in another business to life insurance.

From the start Dick has enjoyed a lot of success with New England Life in Watertown, New York. Two years ago, for example, he sold over a million dollars worth of life insurance protection. He has qualified as a member of the Million Dollar Round Table and our Hall of Fame. He was our "Rookie-of-the-Year" for 1956.

Dick has had a good deal of satisfaction in building a strong clientele of businessmen like Tom Parker and Howard Soper. In most cases he handles both their

personal and business insurance problems . . . and often serves their employees as well.

If a career of this sort appeals to you, investigate the opportunities with New England Life. You get income while you're learning. You can work anywhere in the U. S. A. Your future is full of substantial rewards.

For more information, write to Vice President L. M. Huppeler, 501 Boylston Street, Boston 17, Mass.

Now he's settled in the most scrumptious double quarters any trainer ever had—in the new Gym and Rink.

The College of **Business Administration Bureau of Business Research** has just received a grant of \$32,000 from the U.S. Fish and Wildlife Service, to study the long term economic prospects of the New England Groundfish Industry. Mr. Edward Lynch will be the project director, and Dr. Donald J. White the principal consultant. Now three years old, the Bureau of Business Research has completed a variety of research and consulting tasks for local industry, trade unions, and the Federal, State and Local Governments.

Experimental Master's Degree Program for Elementary School Teachers: In June the fund for the Advancement of Education of the Ford Foundation announced a grant of \$25,000 to the Education Department of the Boston College Graduate School to help in the initiation, during 1958-1959, of an experimental Master's degree program for elementary school teachers.

The **Boston College Mathematics Department** will utilize a National Science Foundation grant of \$10,000 for an in-service Institute for fifty high school mathematics teachers. They will be trained in a course of modern mathematics and statistics suitable for high school classes.

A similar program is planned for elementary schools, the first step of which was taken with the grant of \$25,000 awarded by the Ford Foundation to develop a curriculum.

The Alumni News, summer '57, reported the plans of Father Cosey, Deon, A & S, to organize an **Honors Program** for superior students. Not only has such a program been started and put into operation, but the Carnegie Corporation of New York has just awarded \$85,000 for further development. To supervise and counsel all students following distinctive honors programs, an office of Special Programs has been established. Dr. P. Albert Duhomel, Philomatheo Professor of English, has been appointed Director of the Program in the A & S, and will be assisted by a group of faculty members recommended by Department Chairmen.

The **Honors Program in the C B A** will enter its second phase this season. Freshmen in the upper ten percent of their class will be admitted to a special Honors section in Sophomore. Leading Sophomores will be assigned to particular professors for individual work and guidance during their Junior year. The principal emphasis will be on developing a close association between professor and student, so that the student may develop his abilities to the maximum. The C B A Honors Program will be under the general direction of the Associate Deon, Dr. Donald J. White, working with a committee composed of Department Chairmen.

An **Honors Program for the School of Education** is being inaugurated in September, 1958, under the direction of Dr. Gerald E. McDonold of the Education Department, it has been announced by the Deon, Rev. Charles F. Donovan, S.J. The distinctive feature of the School's Honor Program, the Senior Seminar, will be to give the Honor students a share in the academic leadership of the College, experience with discussion-seminar techniques, and an appreciation of the differences in subject-knowledge as a personal accomplishment and as a valuable teaching aid.

DOCTOR FREDERICK W. BEERING of Jamaica Plain was awarded a gold medal by the Boston Kiwanis Club at a special luncheon for his work among children in the past year. Eighty-three years old, a graduate of Boston College, class of 1895 and the oldest living letterman from the Heights, Dr. Beering has delivered 3,000 babies during his career without having billed their parents for his services.

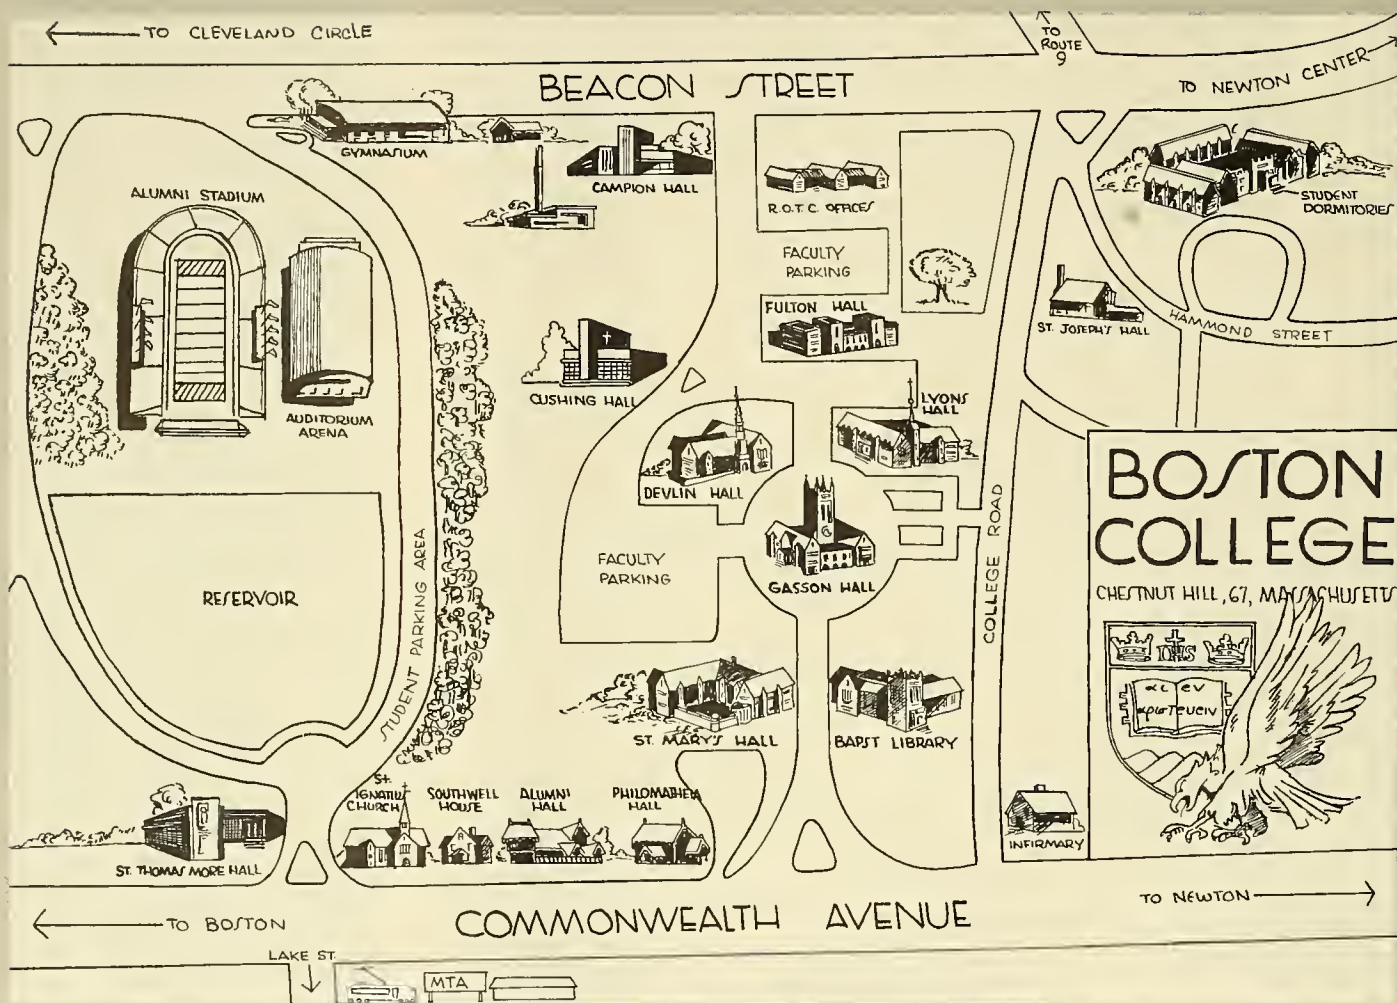

JOHN J. BRENNAN, JR., Ph.D., class of '42, has been appointed as a Vice President of the Electronics Corporation of America, Cambridge, Massachusetts. An expert on Commercial Science, Dr. Brennan served for seven years as Chairman of the Industrial Management Department of Boston College, and is presently a Director of the B.C. Alumni Association.

PAUL K. DUFFEY, JR., has enrolled at Boston College this fall, and is the fourth generation to hit the Heights. His great grandfather, Louis Chemin of South Boston, enrolled in the first class at B.C., back in 1863. His grandfather, John F. Duffey, was a member of the class of 1898, and his father, Paul K. Duffey, was a member of the class of 1940. Good luck, young Paul, you've got a great heritage behind you!

Many old-time Alumni—and not a few of the relatively new ones—could get lost on the burgeoning campus on University Heights. In just the last few years new schools and colleges have sprung up, plus several dormitories. But the last 12 months have seen the most ambitious filling in of empty spaces for a complete campus: the new Alumni Stadium, the Auditorium-Arena, and the Gym, all brand-new, add complete athletic facilities to B.C.'s plant for the first time in its 94-year history.

In just a few years B.C. celebrates its 100th Anniversary — it took all that time to get an adequate athletic plant on the Heights. But the new Stadium, Auditorium-Arena and Gym are just the latest visible evidence of Alumni support.

THE EAGLE COMES HOME

"Alumni of Boston College, we must have a building program of \$10,000,000. Boston College needs more distinguished professors, more science programs, more buildings . . ."

These were the words of the President of Boston College at the annual Alumni dinner. Only the President's name was Father Gasson—the year was 1909. But the similarity to today is striking. Father Walsh might well have said exactly the same words yesterday (although he probably would have multiplied the figure), because Boston College continues to demand "more distinguished professors, more science programs, more buildings."

For all his vision, Father Gasson would be amazed at the enormous changes which have taken place on the open pastures he bought on faith fifty years ago. He obtained his "more professors, programs and buildings" in profusion—but the need for more, and more, and more, has grown with B.C.'s reputation. The latest evidence of the "more"—the new Gym and the Auditorium-Arena, plus the 12 month old Alumni Stadium—symbolizes a tremendous fact: the Eagle has come home! These last facilities round off the hundred-year circle. Everything is gathered on the Heights for the first time since Boston College was founded.

THE ALUMNI TAKE THE LEAD

The opening words of Father Gasson's plea are provocative: "Alumni of Boston College..." Every drive for new funds—for professors and programs and buildings—has always found the Alumni in the vanguard. Alma Mater will always turn to her sons first, which is as it should be. Boston College has always evoked self-sacrificing response from all those who love her. The anecdote told of Father Gasson himself, for example, typifies the dedicated generosity of the Jesuit Community. The story goes that Father Gasson would walk from James Street and the pre-Heights campus at the Immaculate Conception, to Dorchester to say a second Mass on Sundays, and then walk home to enter the stipend in the lists of "Gifts to Boston College." The friends of the College gave, too. One old-timer well remembers how he toured the streets as a boy, pleading for coins for the "Fund" and collecting pennies, nickles and dimes in a jardiniere.

But the Alumni were always in the forefront. When Father Gasson first made his plea fifty years ago, eight hundred Alumni immediately pledged \$50,000; and in only a few weeks they were the motive power behind further pledges of three times that amount. Not content to rest on their laurels, the Alumni helped to organize the famous "lawn parties" of '08 and '09 which drew as many as 30,000 and 55,000 people to the Heights.

TOWERS ON THE HEIGHTS

When Father Lyons was struggling with the problem of building St. Mary's Hall a few years later, it was the Alumni who gave Father Gasson's successor a welcome check for \$40,000. Those old-time Alumni could move fast, too, when the occasion demanded speed. In 1915, a call went out for quick cash to pay for a 2200-seat grandstand at the "new" Alumni Field. In four days of passing the hat, they raised the needed \$1,600. And still they gave. For the new Science building in 1920, the less-than-a-thousand Alumni of B.C. gave \$36,000 in quick cash, and pledged \$86,000 more. With strong Alumni support, Father Devlin's drive, spearheaded by the cry—"Boston College will be big enough if your heart is"—was able to raise over a million and a half dollars by 1921.

For a new Library, the Alumni contributed a gift of \$17,000, and during the war year, 1944, a community drive led by the Alumni realized \$277,000 for emergency funds. Toward a new Gym, one of their most cherished dreams, the Alumni gave \$325,000 in 1946; and for the Business School, an Alumni-sponsored community drive in 1947 won \$450,000 in pledges. In 1952 a General Alumni Fund was organized on an annual basis, and up to the present time the Alumni of Boston College have already contributed upwards of three-quarters of a million dollars!

A DREAM COMES TRUE

Another high-spot of Alumni support was reached this year with the completion of extensive athletic facilities at Boston College. Largely paid for by Alumni contributions, the Stadium, the Gym and the Auditorium-Arena will accommodate more home-coming Eagles than any other buildings on the Heights.

In addition to its gleaming 94x50 basketball court, the

THE EAGLE COMES HOME

The new Gym sits at the far end of the campus along Beacon Street. The bas-reliefs that adorn its outer wall were modeled from recent athletic stars at the Heights—get Bill Flynn to identify those you can't guess. Here is the place to come to buy your tickets for all B.C. athletic events.

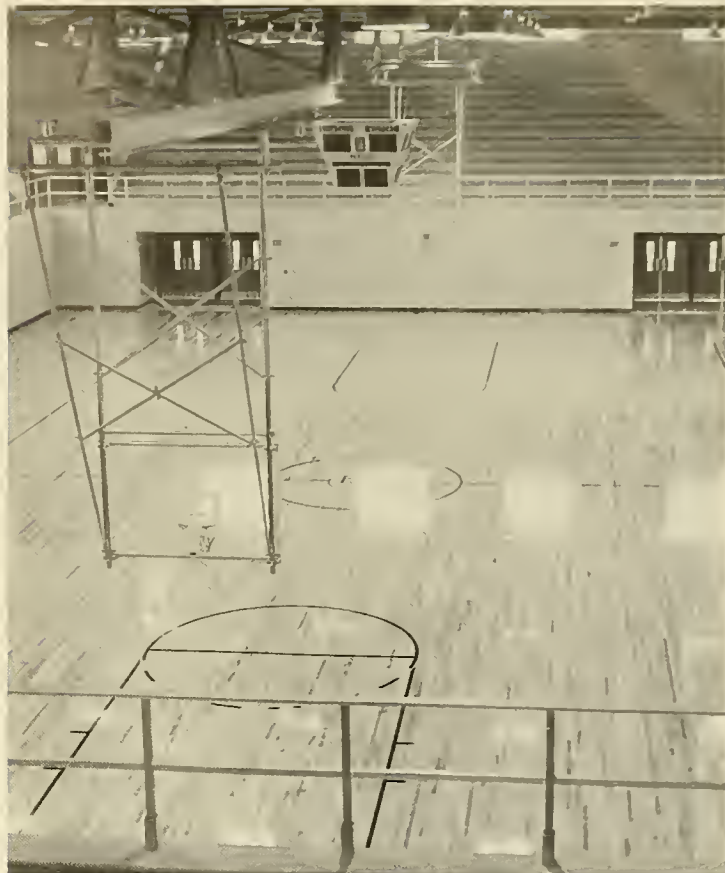

RALPH DELLO RUSSO never had it so good. For the first time, with the new buildings, he'll have plenty of permanent storage and supply space for his precious athletic equipment.

The spacious lobby of the Gym has plenty of space for meeting friends and fellow Alumni before and after games. Around the walls are handsome paintings which reproduce the various buildings on the campus.

A long shot of the gleaming court, with its balcony which seats 3,000, and the four-sided score board which lights up to tell time, period, and time-outs.

We tried to photograph the interior massive reaches of the 240-foot long Auditorium-Arena while it was still under construction. No dice. But this exterior perspective shot will give you some idea of the size of the newest structure on the Heights.

JUBILEE ON THE HEIGHTS

Next year marks the Golden Jubilee of B.C. on the Heights. Just fifty years ago, Father Gasson turned the first sod for the Tower Building, now Gasson Hall. Next year, too, marks the beginning of a concentrated 5-year Alumni Fund program. Its goal: \$2,000,000, to go toward the expanded academic facilities which B.C. must have. Here are the tactical targets set by President Duncan and the other Alumni Directors:

By June 1959:	\$ 300,000
By June 1960:	\$ 350,000
By June 1961:	\$ 400,000
By June 1962:	\$ 450,000
By June 1963:	\$ 500,000

FIVE YEAR TOTAL \$2,000,000

FUND YEAR: JUNE-TO-JUNE

To coordinate this new five-year Fund program, the Fund year has been changed to a June-to-June period. This change has been made in order to conclude the Centenary Fund Drive in June of 1963, and to make the Fund year correspond to the Alumni school year. We are in this new Centenary Campaign NOW!

CLASS REPRESENTATIVES

The success of the five-year Centenary Fund Drive will depend largely upon the Class Supervisors and Class Agents. These men will personally contact each Boston College Alumnus. Give them your fullest support.

ADDED RESPONSE NEEDED:

Although 2800 members of the Alumni contributed to the success of the Fund Drive last spring, there are still some 3200 to be heard from by January. Now is the opportunity for these usual Fall givers to spearhead the new Fund program by using the enclosed envelope to send in their contribution early.

Gym has four squash and handball courts, a boxing room, an exercise room, and a steel-reinforced rifle range. Here are also located the offices for the Moderator, the Athletic Director and the Coaches, the R.O.T.C., Public Relations and academic departments of the College. And here is where you buy tickets for B.C. games.

The measurements of the floor space of the new Auditorium-Arena are 195x85 — the exact dimensions of the floor space of the Boston Garden. Ten miles of pipe, attached to two large Frick refrigeration units will produce ice three-quarters of an inch thick. This will be conditioned by a Zamboni resurfacing machine which will scrape and resurface the rink in only seven minutes. The Arena provides dressing rooms for B.C. football, hockey and baseball teams, and their visitors; and rooms for trainers, officials and coaches are positioned throughout. A special dressing room has been provided for the ladies who wish to take advantage of the Alumni skating privilege.

When the Pops Concert takes place at the Gym on October 3, four thousand listeners will be comfortably seated. At a basketball game, the SRO sign won't go up until three thousand have filed into the huge gallery. The Auditorium-Arena will seat over six thousand at an indoor Commencement or other special event; and when this fabulous structure is converted into B.C.'s Rink, over four thousand can thrill to an exciting hockey game. And the Stadium has already seen a season when, as at the Navy game, over twenty-five thousand friends of Boston College can cheer the return of the Eagle to the Heights.

THE SHAPE OF THINGS TO COME

Great as all these past achievements have been, every Alumnus must realize that they are only a prelude to an even greater future. The year 1963—only five years away—marks the 100th Anniversary of Boston College. When the Alumni return to University Heights to celebrate its 100th birthday—what will they find?

Boston College must not stand still. It has grown over the past century—in size, enrollment, faculty, and in academic prestige. It must grow even greater in the future, fulfilling the destiny so forcibly set down in the words of Father Gasson, of providing "more distinguished professors, more science programs, more buildings..."

Once again, as in the past, the Alumni of Boston College will take the lead. Dr. Christopher Duncan, President of the Alumni Association, has already announced the five-year Alumni goal of TWO MILLION DOLLARS; and our most distinguished Alumnus, Archbishop Richard J. Cushing, '17, has shown the way, with his munificent gift of the new Nursing School building, valued at over a million dollars.

The issue is clear to all who love Boston College. If each Alumnus makes it *his* responsibility to take an active interest in the future of his College, he will give realistic support to the attainment of the goal of \$300,000 set for June, 1959.

LET'S MAKE THE PAST THE YARDSTICK OF THE FUTURE!

Terence Connolly's preoccupation in
50. years as a Jesuit is summed up in

Come Share With Me

"Please, ma'am, what are Jesuits?" asked the young man.

"Jesuits, young man, are members of a Society named after Jesus," sniffed the New England schoolmarm contemptuously, "but they are not much like Him."

Father Terence Connolly, S.J., who this year celebrates his Golden Jubilee in the Jesuit order, has never forgotten this bit of dialogue—he was eleven at the time. But it didn't prevent him from becoming a Jesuit, and becoming one, indeed—his host of friends insist—not a little like Him.

But his real fame grew from his championship of Catholic authors—like Thompson, Patmore and the Meynells—who were certainly not enough appreciated even by Catholic readers for their contribution to literature.

Terence Connolly entered the Society of Jesus on August 14, 1908 at St. Andrew-on-Hudson, Poughkeepsie, New York. After completing his Novitiate and Juniorate there and making his Philosophy and Theology at Woodstock, Maryland, Father Connolly was ordained to the Priesthood in the Georgetown University Chapel on June 27, 1922.

Choosing the subject of English Literature as his special field the young Jesuit received his Master's degree from Woodstock in 1924, and his Doctorate from Fordham University in 1930. It was during his years of study that Father Connolly became increasingly aware of the vast and beautiful Catholic heritage of culture which had been hidden from so many for so long. This must be shown to others!

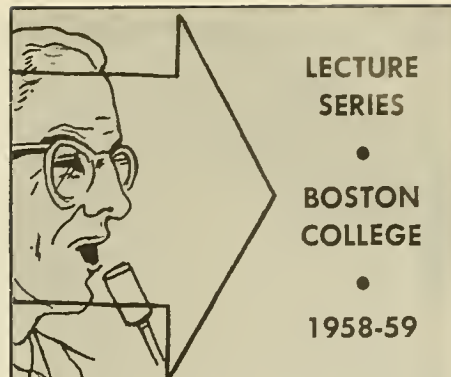

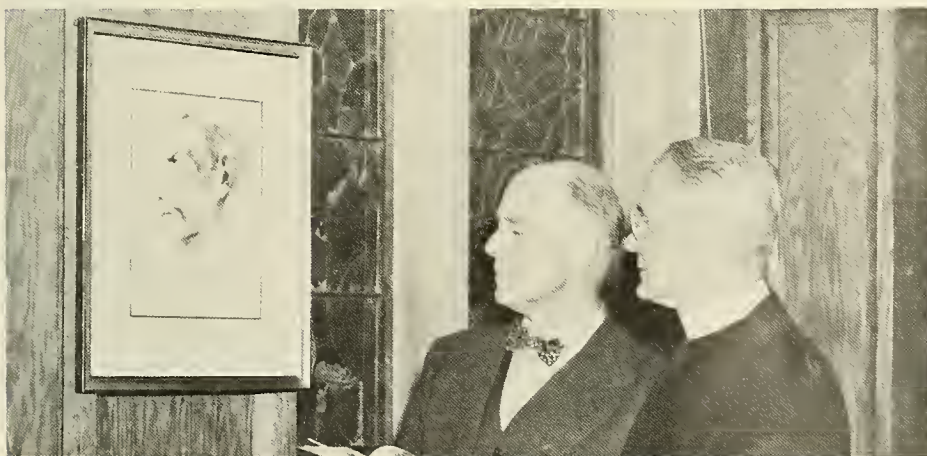

From this point on in his career, Father Connolly set out to help other students and teachers to know and appreciate Catholic literature. As professor at Fordham, Chairman of the English Department at Georgetown, Chairman of the English Department at the B.C. Graduate School, and now, since 1946, as Director of the B.C. Library, where he has established the world-famous collection of manuscripts and volumes of Francis Thompson, Father Connolly has made it his personal objective to introduce others to the beauty of a Catholic heritage which has long been neglected.

In this respect, Father Connolly with a charming smile and a wave of the hand, describes himself not so much as an author, but as a "literary drudge" whose chief goal is to help others know and appreciate Catholic literature. "This I personally experienced in my work of many years," he reflects. "The sharing of it with others has been my chief reward."

Fr. Connolly is known throughout the world as an author, editor, lover of books. It is only around Boston College—where he has been assigned in various capacities since 1929—that he is well known for his priestly, scholastic attainments. He is a superb preacher, compassionate spiritual advisor, sympathetic teacher—thousands of B.C. Alumni particularly can so attest.

Indeed, as they congratulate him as a Jubilarian they are more apt to reflect upon how he contradicted the old schoolmarm by the devoted example of his own life, than to marvel at the light which he has shed upon the literary contributions of others.

Father Connolly and Sir Francis Meynell visit the Francis Thompson collection in the Baptist Library on the occasion of the visit of Sir Francis on October 14, 1949.

The B. C. Glee Club is the only campus organization that can make this boast:

by William Nicholas Corey, '59

Students Pay to See Them Practice

Since the arrival of Director C. Alexander Peloquin, the Boston College Glee Club has been gaining prestige at the Heights more rapidly than any other campus organization. No less true is the fact that the Glee Club has greatly increased the cultural reputation of its school throughout the New England area. The secret of its phenomenal success is due largely to Mr. Peloquin's conviction that "the flawless execution of fine music must necessarily gain enthusiastic response from all audiences." How this is achieved on the concert stage is the story of prayer, hard work, and devotion to music.

Three years ago this fall, Director Peloquin came to the Heights with all the enthusiastic fire of a youthful conductor to add his talents to the dedicated work of such previous conductors as Joseph Ecker, Joseph D. Lo-Presti and Walter L. Mayo. In reply to his many questions about the eighty Glee Club men, he was told that one member of the group had al-

ready served a brief jail sentence for singing with the Club in the Town Hall of Ayer, Massachusetts. It happened during the intermission of the concert when several singers found themselves quite thirsty. Their search for a water bubbler took them down to the basement of the building where there was located a cell—with door invitingly open. Almost immediately report went back that one of the members was now locked up. "Oh no!", said the Director. "Good heavens!", said the Moderator. "Let me out!", said the student. Three hours later, a sleepy-eyed police chief arrived with the key.

Then began the Glee Club's initiation in the Peloquin method. The hours of intensive rehearsal seemed to be endless. The planners of diet for hearty young appetites from Cambridge, Milton, Braintree, Norwood, etc. joined the protests from the Boarders' Dining Hall that the young songsters would receive no nourishment until morning unless they ap-

peared for dinner on time. It was evident to all that the new director was not easily satisfied. With rolled up sleeves, he was vibrant and dynamic as he alternated his role as accompanist and director to teach the heritage of Catholic culture in the field of music. He repeatedly drove the young critics for what he called "clean" tone, precise enunciation and a harmonious balance of parts. The spirit of artistic dedication soon took hold of the B. C. men who were brought to appreciate the perfection of art in one of its most expressive forms. The young men of B. C. in this age of rock and roll had tasted a sample of the finest and most difficult music of all ages and were heard to say they preferred to sing the more serious musical compositions.

It wasn't long before fellow students, nuns and priest guests climbed the four flights to the music studio in Lyons Hall to watch the "magnetic maestro" at work. The word of accomplishment spread not only through

At Symphony Hall last season

the Glee Club members but also through those students who attended Professor Peloquin's course in Music Appreciation.

The Gregorian Society of America in 1958 selected the Director of the Boston College Glee Club as one of five outstanding Composer-Conductors of Choral Music in the United States. An increasingly important composer of modern Church music, his "Missa Christus Rex" was commissioned for the Golden Jubilee of Archbishop Amleto Cicognani, the Apostolic Delegate, and premiered in 1956 in the presence of the American Hierarchy in Washington, D.C. In 1958 the Vatican Pavilion at the Brussels World's Fair chose his "Apostles Creed" for special presentation.

Even the young men themselves realized the competency which exacted such perfection. When interviewed by a reporter from the Boston Globe they glowingly told of their labors but more especially of their devotion to the "Chief" as they call their inspiring director.

The impact of all this intense effort was evident even during Mr. Peloquin's first season when, after a concert before three thousand Music Educators, letters of high praise flowed into the Glee Club office. The delight and gratitude which the Home Concert audience expressed in 1956 indicated beyond any doubt that they had long thirsted for a male glee club which could present a concert of genuine musical dignity and professional achievement.

But the real success of the first Home Concert under Mr. Peloquin's direction did not begin until four months later. In September of 1956, over three hundred applications were filed for membership in the Glee Club. Two hundred and forty students auditioned for the twenty-four vacancies left by the Seniors. Mr. Peloquin selected one out of ten that would best make the Glee Club the superior musical organization he wanted. Those successfully auditioned soon realized that they had chosen an extracurricular activity in which the poise and expression acquired through public appearances would aid them immeasurably in later careers. The happy hours of cooperation in a common effort, the spirit of generosity demanded for success, the lifelong friendships begun—these are some of the intangibles which benefit each member and which every graduate values when the last Home Concert is over.

The 1956-57 season began on November 25 at Symphony Hall in Boston. A joint concert with Emmanuel College was sponsored by the Archdiocesan Union of Holy Name So-

"Director Peloquin drives his youngsters, demands clear tone, precise enunciation"

cieties. One of the highlights of that event was the "Kyrie" and "Gloria" from Missa Christus Rex. As the evening performance came to a close there were shouts of "more" from all sections of the audience.

The second season came to a brilliant close on Mother's Day at Jordan Hall. But, like so many endings, it was in reality another beginning. The Glee Club had made thousands of friends in its eighteen-concert tour throughout New England and hundreds more on the Boston College campus.

In 1958, when the new Moderator, Rev. John V. Driscoll, S.J., decided to hold an open rehearsal in the Baptist Auditorium, the result was a standing-room sell-out. Thus the Glee Club became the first and only organization on campus to have the student body pay to see it practice.

The past year found the Glee Club again in Symphony Hall and for the first time under Director Peloquin in New York City. So successful was the New York Concert that the audience unanimously voted to make the visit an annual affair. The TV per-

formance of Holy Week music was deeply appreciated by audiences throughout New England. The Massachusetts Institute of Technology graciously opened the doors of the acoustically perfect Kresge Auditorium for the Home Concert. Thus in the past year the Glee Club explored more deeply into the immensity of Catholic musical heritage and classical culture.

The response has been rewarding. Numerous requests for concerts have been received and at Graduation the Class of 1958 presented as its gift to the University a concert grand Baldwin piano for the use of the Glee Club. This outstanding gift speaks for itself the high esteem that the Glee Club enjoys on campus. Already two concerts have been planned for Symphony Hall, three in New York, three in the Washington area, more open rehearsals, and a return invitation to Kresge Auditorium.

This is an extraordinary ensemble, this Peloquin-trained group. By all means, prove it to yourself at one of their Fall concerts. But come early—SRO is more the rule than the exception.

GLOBE STORY

THE BOSTON DAILY GLOBE—MONDAY, AUGUST 4, 1958

'Jimmy's News' a Journalistic Success

Cub-to-Publisher in 4 Years

Jimmy's News isn't on sale at the newsstands, but in West Quincy, Sunday is not complete until the News is delivered to the front door by Publisher James J. Foley, Jr., or his assistant, brother Gerard. It may seem unusual to have the Sunday paper delivered by the editor and publisher, but this newspaperman is no ordinary editor. He is 10-year-old Jimmy Foley of 100 Upton st., West Quincy.

"Jimmy's interest in newspapers started when he was about six years old," says Mrs. James J. Foley, mother of the enterprising young man.

"He made copies of the Globe Sunday comics and sold them to his family and relatives."

Jimmy's career in the newspaper world started with a printing set he had received as a gift. He was still selling his comics, but with his printing set he could set up and sell a neighborhood newspaper. In August of 1956, Jimmy rounded a group of his friends and made plans to publish the first issue of Jimmy's News.

The boys scouted around for news and subscribers and they came up with a one-page newspaper and five "regular customers."

The "reporters" soon lost interest, but Jimmy went ahead with the help of his brother

Gerard, only five years old at the time, and published his News every week.

Printed on Toy Set

The first issues of Jimmy's News were printed with the toy printing set, but later Jimmy began to hand-letter each paper. When circulation began to increase, Jimmy's parents suggested the use of carbon paper to make additional copies.

"Jimmy made the carbons, but soon it was difficult to make enough legible copies to distribute to his ever increasing readers, so again we offered Jimmy a suggestion," says Mrs. Foley.

The young editor accepted his father's offer to run off copies of the News on a duplicating machine, but he insisted on hand lettering the master sheets. By early this year circulation had risen to 170 and the paper had grown to four pages. Jimmy was making two and three master sheets of each of the four pages when Mrs. Foley decided she could type the master sheets and Jimmy could hand-letter the color headlines.

The first issues of Jimmy's News were published on Saturday and the price was one cent and the one ad he displayed cost two cents. Now with a circulation that has

grown to 200, the paper costs two cents and his 12 regular advertisers spend from five cents to 50 cents for ads which vary in size from one half inch to a half page. His advertisers range from errand boys and baby sitters to beauty salons and super markets.

One-Man Rewrite Staff

Jimmy, a sixth grade pupil at St. Mary's School in West Quincy, who also finds time to attend classes in gym and woodworking at the Y.M.C.A., writes all the stories for the newspaper.

He calls his "staff of reporters" (a group of customers who generally have at least one or two news items each week) to ask for any news of local interest. Seven-year-old Gerard, who is "a great one for getting new customers," says big brother Jimmy goes out with a notebook calling on the neighbors asking for items for the News.

Jimmy's News lists birthdays, and reports on any who are sick in the neighborhood. And if one of Jimmy's subscribers takes a trip, even from Quincy to Braintree, it would be worthy of a story in the Sunday publication. Each week Jimmy devotes a full page to his main feature, Man of the Week, a profile of one

of the men in the neighborhood.

Jimmy's Big Stories

Jimmy lists two stories as the most exciting that he has written up in the News. His most exciting story was one about a "lost dog who became a grandmother and never knew about it," says Jimmy. The dog was never found. His other big story was one he wrote about one of his readers who flew to Hawaii.

Last Summer Jimmy was guest of Carl Moore on the Beantown Matinee program on station WEEI and in the Spring Jimmy had a tour of paper and ink plants in New England which was arranged by the John Carter Co., of Charlestown. While on this tour he was guest of the Bangor Daily News.

After paying all the News expenses, Jimmy and Gerard were able to buy bicycles with their earnings. Now they are saving to buy a duplicating machine.

The young brothers, sons of an assistant principal in the elementary school system in Boston are interested in writing as a permanent career. Jimmy, an altar boy at St. Mary's Church, wants to be a "Jesuit priest writer," and Gerard wants to be a newspaperman.

FR. RECTOR'S LETTER

August 8, 1958

James J. Foley, Jr.
100 Upton Street
West Quincy, Massachusetts

Dear Jimmy,

I was delighted to read in the Boston Globe about your success as the ten year old editor and publisher of "Jimmy's News." And I was very happy to learn that your ambition is to be a "Jesuit priest writer," and that your younger brother, Gerard, wants to be a newspaperman.

Both of you are to be commended not only for your success as the boy publishers of West Quincy but also for your zeal and your aspirations for your future and professions. We need good newspapermen, and youngsters with your ideals, and devoted priests. And I am sure that as you continue your education with the good Sisters of St. Mary's you will study and work hard to prepare yourself for the profession of your choice.

A large number of our Jesuit priests are publishing, editing and working as journalists on hundreds of our magazines and newspapers in all languages in almost all nations of the world. And

like the Jesuit missionaries who first printed and published for our American Indians, their work is for the greater glory of God.

So, Jimmy, you have a great ambition for a wonderful vocation and profession. And so has Gerard! A good newspaperman is a missionary for the truth. He can discover and uncover what people need to know in order to be free and happy with one another. He can shine the light and lead the way. He can write for our pleasure and entertain us. He stands apart, like the wise man, and observes us and allows us to know the truth and helps us to understand ourselves and the world God made for us.

As you grow older, Jimmy, you will know that the good newspaperman bears a proud and important place among us. Perhaps that is why he is called a member of the Fourth Estate.

My best wishes to you, Jimmy, and to Gerard, and may God continue to bless you with success and happiness in your ambitions for "Jimmy's News."

Sincerely yours,

Michael P. Walsh, S.J.
President

Very Rev. Michael P. Walsh,
President, Boston College
Chestnut Hill, Massachusetts

Dear Father,

Thank you for the letter you sent me. I know you are a busy man and I was delighted to receive your letter.

I would like to let you know that my father was a classmate of yours at Boston College High. He is a member of the class of 1933 of Boston College. At Alumni Family Day I saw you at Benediction.

It is both my brother's and my ambition to go to Boston College High and Boston College.

I am enclosing two copies of my latest papers for you.

Sincerely yours,
Jimmy Foley, Jr.
Editor-In-Chief

P.S. Please excuse mistakes. I'm just learning to type. Jimmy

Fr. Walsh and Jimmy met in the Rector's office (with James, Sr., '33) having stirred up a nation-wide story. The original Globe feature was the basis of another in the Quincy Patriot-Ledger. Then the Associated Press Wire Service picked up the exchange of letters and shot the story throughout the country — alumni in the mid-West remarked on reading it. And the Globe followed up with pix of Fr. Rector on Aug. 21. Jimmy, by the way, takes all the fuss in stride being, as every old-time newspaperman must be, blasé about publicity. Even his own.

THE UPSHOT

CAN YOU IMAGINE A

BUNCH OF EIGHTH GRADERS

ENJOYING . . .

Math in Midsummer?

In a discussion of number systems, Father Stanley J. Bezuska, S.J., Chairman of the Mathematics Department shows how primitive man might have recorded his number system in charcoal on a slab of wood. Father Bezuska is the author of a modern mathematics textbook "Sets, Operations, and Patterns" which is being used on an experimental basis in some Massachusetts schools.

At a backyard barbecue in some one of forty-eight homes throughout the Boston area, the following dialogue might well have stumped the old man:

"Hey, Dad, how about some help with my arithmetic?"

"Sure, son, bring over the book and let's see."

"We're not allowed to bring the books home, Dad."

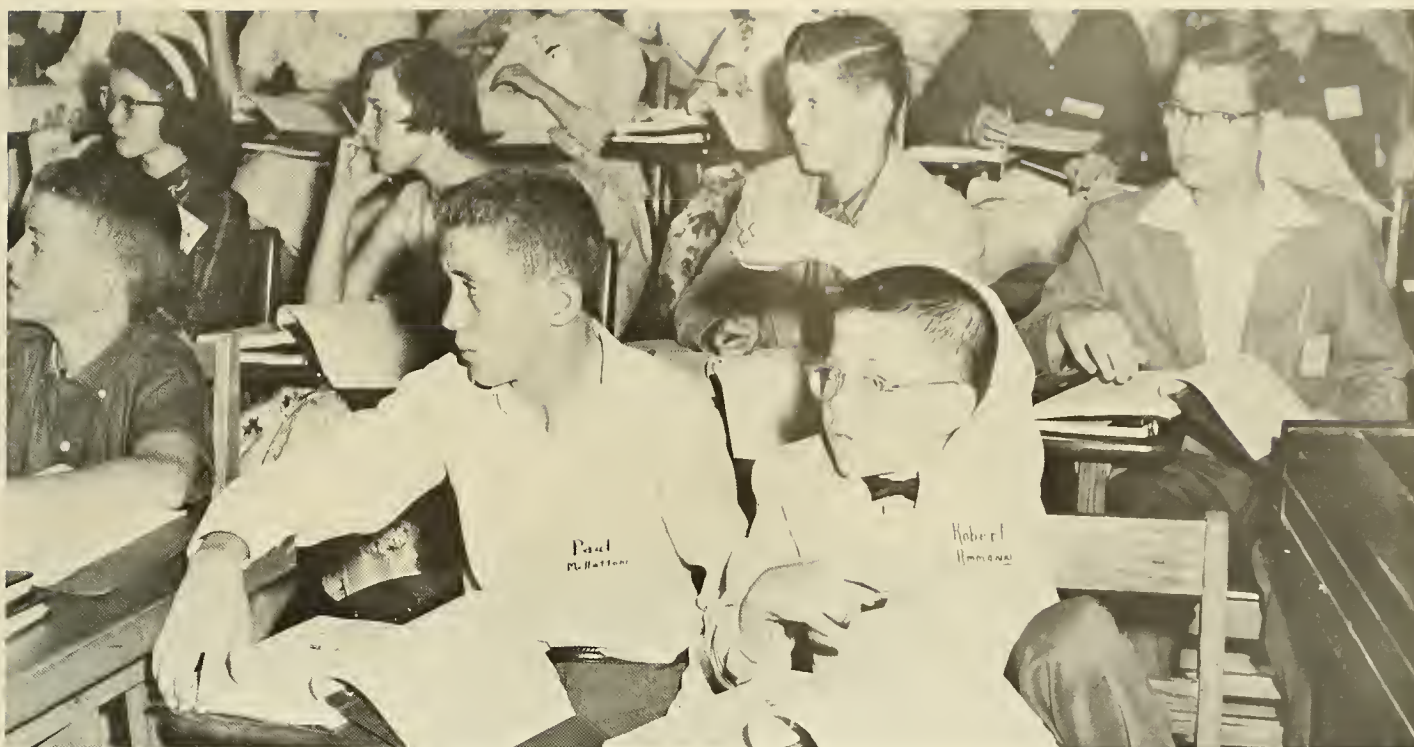

"What? Oh-er-well, what's the problem. I'll help you out."

"Okay, Dad: Are there as many tomorrows as they were yesterdays?"

"What-a-at?? Say, is that arithmetic, philosophy or theology?"

During the past summer, when most kids were racing for the old swimmin' hole, forty-eight boys and girls who had just finished the eighth grade were starting to study a new system of mathematics offered by the Mathematics Institute of Boston College. Originated by the dynamic young head of the B. C. Mathematics Department, Rev. Stanley Bezuska, S.J., Ph.D., the special summer course was designed to take the study of mathematics out of the stereotyped format of the 17th and 18th centuries, and present it in a thoughtful and imaginative manner, consistent with the demands of our technological age.

Co-author of a new textbook in modern high school mathematics, Father Bezuska had his class study numbers as written in Chinese, Babylonian, Mayan, Ancient Egyptian and Greek, then invited them to devise a number system of their own. Along with the Hindu-Arabic system which uses the base of 10, they were taught to use the binary system, which is used in modern electronic computers.

"I think I know the answer", signals Robert Ammann, 11, of Weston, who was the only seventh grader in the demonstration class at the Boston College Modern Mathematics Institute. Robert is a rabid television fan who taught himself to read at the age of two and finished his first mathematics book at three. He recently re-read the book to see if he missed anything on the first reading. Left to right—Front row: Paul Daley, Newton Highlands; Paul McHatton, Somerville. Second Row: Alvina Pheeny, Chestnut Hill; Mildred Boles, Brookline; Joseph McAnneny, Somerville; Robert Schliech, Somerville.

As part of the experiment, the children left the textbooks at school to insure no cramming or help from Dad. "The beauty of this system," says Father Bezuska, "is that you don't correct parents' homework. They couldn't help the children because they wouldn't know what we were talking about."

Do the pupils understand all of the mathematical concepts presented?

"No," says Father Bezuska. "But they grasp enough of them to know that mathematics can be interesting and need not be monotonous. The important thing is that they learn to think and keep thinking. In the past, youngsters who should like mathematics began to hate it in the seventh grade. Then, when they had the opportunity, they dropped it."

Is the program universally accepted?

Father Bezuska foresees many difficulties, but he is quite optimistic. "We're looking for answers and we're not sure that this is it. We do know that any program depends in a great measure on the teacher.

"A system of this kind requires small classes and an enthusiastic teacher with a broad interest in mathematics. That will be apparent this fall when these wonderful youngsters go back to school. They get no academic credit for this course, but their

curiosity has been stirred and they're liable to ask the teachers embarrassing questions.

Do the pupils like it?

"You judge. At first they were given a twenty minute fruit juice and cookie break. But so many rushed this mid-morning break to get back to their books that it was cut down to ten minutes."

While the children thought their way through problems prepared by Father Bezuska, 88 mathematics teachers sat behind them observing the proceedings. Later while the students worked practice problems under the direction of assistants Nancy Neville, Cambridge; Eleanor Radzwill, Walpole; and Carolyn Shea, Somerville; in another room, the teachers evaluated the lesson and discussed the teaching methods required to get the concepts across.

The teachers represented 75 different schools, hailed from 13 states, Washington, D.C., Puerto Rico, and Baghdad. Thirty teach in public schools and 58 are members of religious orders, either priests, brothers, or nuns.

Here's the type of concept—each one approachable in mathematical terms—which was thrown at the kids. Interesting?

How would you estimate the number of stars in the Milky Way?

How would you go about to estimate the number of grains of sand on the seashore?

How would you describe to a person, blind from birth, the beautiful colors of the rainbow?

Devise a simple scheme for doing "addition" problems in any modulo system without drawing a clock or moving spaces.

B.C. CLUBS

Chicago

The B.C. Club of Chicago held its annual Dinner Dance at the Glenview Naval Air Station in June, with a great turn out. The Club was the guest of Vice Admiral Richard Whitehead (USN Retired) who is associated with Wallace Carroll, '28, President of the American Gage and Machine Company. Wallace and the Admiral have just completed a five week trip to Europe as special guests of the Navy. Wallace issued a 27-page diary reporting on Spain, Portugal, Germany, France, Belgium and Switzerland, and promises to send a condensation along to the Alumni News one of these days.

Detroit

The B.C. Club of Detroit reports that its new President is Paul J. King, '43. Tom Robinson '47, and Joe Cunningham '55, will be the Vice President and Secretary-Treasurer, respectively, for the coming year.

East Boston

Bob Weafer is East Boston's candidate for the most traveled man in town. Bob matriculated at the Institution in Worcester, earned his Master of Science degree at B.C. in '52, completed his M.D. training in Iowa, served his apprenticeship in Providence, R.I., and is now in the Navy on his way to Okinawa. Incidentally, Bob's father, Leonard, attended B.C. some years ago and now his brother Kenneth is at the B.C. Law School. Ed King, former B.C. football star, is senior accountant at the Museum of Science. Father Dan O'Connor, a former East Bostonian and spiritual director of the East Boston Alumni Club was quite ill. We all hope for a speedy and

complete recovery. John Mangini '51, recently earned his Doctorate and is signing all his letters "doctor" now. He's teaching in Medford. Quite a few B.C. men are helping raise funds for the Rev. Louis Toma Youth Center — certainly a worthwhile project. Leo Cavaliere '50 CBA, has done quite well in the Payroll Division of the State Public Works Department, and is now up for promotion to senior accountant. Joe Krebs, E.B.'s gift to the B.C. Math Department, kept busy this summer teaching for the Navy at the Officer Candidate School at Newport, R.I. There was some talk about a merger of the E.B. Alumni Club and the Winthrop Alumni — but nothing has come of it yet.

Lowell

Over 75 members of the Lowell Club attended the annual dinner in honor of the 1958 graduates from the Greater-Lowell area on Wednesday, June 18. The guest speaker for the affair, Attorney John V. Harvey of Belmont, '47, Register of Probate for Middlesex County, delivered an inspiring address on the present day problems of divorce.

A business meeting preceded Mr. Harvey's address, at which plans were formulated for a social to take place this fall. The chairman of the dinner committee was William Green, M.D. '30, and the toastmaster was John P. Hogan '45. The active Alumni in the Greater-Lowell area now numbers well over 300 members.

Very Rev. Michael P. Walsh, S.J. making his travel arrangements with his Assistant, Rev. Thomas Fleming, S.J. The Rector will meet with the Chicago Club on October 7, with the Detroit Club on October 10, and with the Cleveland Club on October 11.

Father Walsh will be accompanied by the Alumni President, Dr. Christopher J. Duncan, '24, and the Alumni Secretary, Walter G. Boudreau, '43, and hopes to visit as many B.C. Clubs as possible before Christmas.

New York

The year began with a sad note—the passing of John B. Doyle '99, founder of the B.C. Club of New York and the oldest living graduate of the College in the metropolitan area. This Christian gentleman, whose love for Alma Mater was always an inspiration to those who knew him, will continue to be remembered in the prayers of all Alumni.

The New York Club's reception to the B.C. basketball team, following the January game between B.C. and the N.Y. A.C. teams, was exceptionally well attended; and on Friday evening, April 11, the Club presented the B.C. Glee Club in a concert at the Hotel Biltmore. Professor Peloquin directed the 70 male voices in a program of popular, classical and semi-classical music, which was enjoyed by 200 members of the Alumni and their guests. Henry F. Barry '26, Honorary Chairman, was ably assisted by Frank Donelan '48, Dan Fay '50, and Tom Cummiskey '52.

William J. Koen '30, was Chairman of the New York Club's second annual Retreat, which was held at Mount Manresa, Staten Island, over the Palm Sunday weekend. This year they established their own band, and once again the weekend was a spiritual success.

St. Louis

Morrie Blitz '37, was in Boston, recently, and had chance to visit Alumni Hall, tour the new B.C. football stadium and chat with John Curley about coming prospects. The St. Louis Club resume its meetings this month, with Judge Morris Rosenthal, LL.B. '36, as President, and Joe Wesner '52, as Vice President.

San Francisco

B.C. Alumni in the Northern California region have been greatly saddened by the death of Ed Hogan '30, who had done much to organize and direct the activities of the B.C. Club. Ed's oldest boy, John Hogan, plans to matriculate at B.C. this fall, and is reported to have a fine scholastic record.

The Club had a well-attended family picnic at Lake Anza in Tilden Park, Oakland, late in June; and during the summer held a number of evening parties, including a dinner and dance at the Officers Club, Hunter's Point, San Francisco.

Springfield

The annual Father-Son-and-Daughter communion breakfast of the Western Massachusetts Chapter of the Boston College Alumni Association was held May 25, 1958 at Old Storowton Tavern following Mass at St. John the Evangelist Church in Agawam. The speaker at the breakfast was Rev. Michael G. Pierce, S.J., executive director of the Jesuit Shadowbrook Fund, who was introduced by the Toastmaster, George H. Keefe, '22. Leo J. Parente '50 and Charles Pelczarski '54 were the co-chairmen of the communion breakfast committee.

President John J. Phelan '42, the outgoing President, announced the new chapter officers as follows: President, Joseph A. Cancelliere '45; Vice President, Gerald S. Cournoyer '35 of Holyoke; Treasurer, Leo J. Parente '50; and Secretary, Robert J. Van Wart, '49.

Plans are now under way by the Club

to sponsor a Joint Catholic College Alumni Association Pops Concert in October 11, 1958 at the Springfield Municipal Auditorium. Music will be furnished by the Springfield Symphony Orchestra.

Washington

A large group of Alumni and their wives attended the final event of the current Club season at the Touchdown Club on May 21. Mr. Rocco Siciliano, Special Assistant to President Eisenhower on Personnel Management was the principal speaker.

Captain Ruth Houghton '51, newly appointed Director of the Navy Nurse Corps, was an honored guest and was invited to become the third Lady Member of the Club. Fr. Louis Gallagher, S.J., former President of Boston College, was in attendance, as well as Fr. William Dunne, S.J., former President of San Francisco University.

Officers elected at the dinner for the coming year are: John Clinton '52, President; John Barrett '31, Vice President; Thomas Murphy '41, Secretary-Treasurer; and Msgr. Edward McDonough '20, Chaplain.

Wisconsin

The B.C. Club of Milwaukee and Wisconsin has appointed a Committee to take charge of festivities for the October 18th game between B.C. and Marquette.

The B.C. Club will hold an informal gathering of Alumni at the Marquette University Student Union on the evening of the game. This meeting will include cocktails from 4:30 to 5:30 P.M., followed by a buffet-style dinner from 5:30 to 7:00 P.M.

Game time is 8:00 P.M. at Milwaukee County Stadium, home of the Milwaukee Braves. After the game, the Committee has planned a continuation of the friendships renewed earlier, as well as a celebration of a victorious day at the Stadium. The post-game gathering will be held at Kegels Inn, a delightful spot for this sort of gathering.

If any B.C. Alumnus plans to be in or near Milwaukee on the weekend of the game, he should get in touch with one of the following committeemen for tickets: Lawrence V. Donovan '39, 1928 North 49th St., Milwaukee; John F. O'Brien '51, 762 Glenn Drive, Waukesha, Wisc.; or Robert J. Ferrol, 3139A North 14th St., Milwaukee, Wisconsin.

Football

The return of twenty-three lettermen and the addition of last year's freshmen promises another successful football season at the Eagles' new Stadium—with seven home games.

Coach Mike Holovak will be able to field nine of the first eleven that started against Holy Cross last November, and still have in reserve many veterans of the 1958 varsity campaign. Guard Tom Meehan is the only regular missing from the first line, and fullback Don Seagar was the only back graduated last June. There are a number of candidates eager for a chance to step into both of these spots.

Jim Duggan is the lone letterman returning as fullback. But, up from the freshman squad comes a sensation in the person of Frank Robotti, all-star product of Fairfield Prep. To stimulate the competition for this assignment, Mike Holovak has moved Vin Hogan, a powerful running back, from halfback to fullback.

The other backfield positions should remain filled by a trio of outstanding performers. Quarterback Don Allard, the passing ace, halfback Alan Miller, the major ground gainer, and halfback Jim Colclough, the receiver and leading scorer, will form a backfield that will be the envy of any college in the country.

Up front Holovak has a fine end squad. Regulars John Flanagan and Don Tosi will be difficult to replace, but lettermen Jim Cotter and Clem Kacergis, plus two excellent prospects

in 1958 sophomores Jeff Sullivan and Larry Eisenhauer, provide added strength to the team.

The Bennett brothers, Leon and Steve, could very well tie down the regular tackle spots. Leon has been a regular for two seasons now, and Steve has been used consistently. Jim O'Brien, the returning regular, is eager to repeat the outstanding performances he gave late in the season, and hard on his heels are Harry Ball, Stan Gabis, Mike Hurley, Frank and Tom Keaney, Jerry Havrda and sophomore Bob Branca.

B.C. should show itself quite strong at center with Captain George Larkin holding down the pivot spot and Cliff Poirier, just back from the Service, offering added experience and ability.

Overall, the Eagles offer depth, size, speed and ability—they'll need it for what shapes up as a rough schedule.

Basketball

What promises to be the best basketball team in the Eagles' history will be the group that Coach Don Martin assembles for the 1958-59 season.

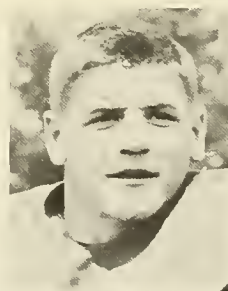

From the varsity squad that won 16 and lost 6 last year Martin will have three regulars and five other lettermen. The freshman team which lost only 1 out of 18 last year will furnish even greater depth to the first varsity team to star in the new B.C. Gym.

Captain-elect George Giersch, 6-4

New Yorker, leads the group of returning varsity lettermen. Giersch, who also doubled as Eddie Pellagrini's pitching star last Spring, averaged 14.3 points per game last season.

John Magee and Barry McGrath are the other two 1957-58 regulars. Magee, 6-1 backcourt man from New York, was the Eagles' leading scorer with 314 points. McGrath, 6-5 center from Worcester, accounted for 200 points and displayed outstanding defensive ability.

Kevin Loughery, 6-3 New York product, is a standout among the recent freshman group. A product of Cardi-

Neil Worden, fullback at Notre Dame and former Philadelphia Eagle star, has been named as the new backfield coach of the B.C. Eagles.

Larry Sullivan, former end for Notre Dame and head football coach at McGill University, will join Mike Holovak's staff as end coach.

GYM MOVING DAY

There's not as much glory . . .

. . . as scoring a touchdown

. . . but it does develop muscles!

nal Hayes High School in the Bronx, the same school that produced Giersch and Magee, Loughery led the Eaglet scorers with 319 points and was equally prominent as a defensive player. Another native of the Bronx, Ray Falvey, was second in the yearlings' scoring columns, while Dick Scaller of Brooklyn and Frank Quinn of Newport, R. I., both 6-6, offer the height so necessary to today's basketball teams.

An added feature of the upcoming sophomore group is the sensational Chuck Chevalier who for the past couple of years has captivated Boston fans with his dazzling court antics and basketball ability. Chevalier's talents promise many an entertaining evening when the B.C. varsity plays this winter.

The varsity season gets underway on December 2, when the Eagles meet the University of Rhode Island at Kingston, R. I. On December 4, versus Holy Cross, Don Martin's group will feature the dedication exercises of the new Gymnasium.

Hockey

Veteran coach John "Snooks" Kelley is expecting great things for B.C. Hockey, and suggests that the coming season may well serve as a preview to a bright future.

Captain-elect Joe Jangro, all-scholastic from Medford, returns to head up a strong varsity squad, and Coach Kelley expects Joe to have a "great year." Other veterans include defense men Bob Boyle, John Madden and Dick Riley; forwards Jack Cusack, Bob Leonard, Don O'Neill and Ronnie Walsh; and goalies Coleman Foley, Brian Dooley and Bub Rudman. An added number of 1957-58 reserves include Ed Smith, Dave Pergola, Clark Duncan, Jerry Butterworth, John McNamara and Phil Corbett.

The recent freshman team compiled one of the finest records of any yearling team B.C. has known in hockey by gaining 18 wins as against only two losses. This group, moving up to the varsity, supplies Coach Kelley with a formidable potential and a promise of great teams for the next couple of years.

One reason for "Snook's" cheerful grin is Billy Daley, a St. Sebastian's product who may be one of the greatest forwards B.C. has had in many seasons. There's also Owen Hughes of Canton and Bob Famiglette of Walpole, both forwards, and Tommy "Red" Martin of Cambridge Latin, a defenseman who has been considered a real find. The goalie, Jim Logue of Malden Catholic, is one Kelley calls, "A super performer," and is admitted to be one of the finest athletes from Malden Catholic.

In World War I he was one of the first to be commissioned in the U. S. Naval Air Corps and survived two plane crashes. At the solemn requiem mass in St. James Church, Wellesley, in addition to a large delegation from the Social Security Administration the class was represented by MSGR. ALBERT SHEA, FR. Our 40th anniversary turned out to be most enjoyable with the following classmates attending in addition to your correspondent, FATHER TOM BRENNAN, S.J., BILL CASHIN, FRANK CROWLEY, JOHN DOHERTY, JIM DONOVAN, CHARLIE FITZGERALD, FRANK FRAZIER, BILL HERLIHY, JOHN O'LOUGHLIN, FRANK GATELY, CLARENCE GREENE, CLARENCE PIKE, CHARLIE SEXTON and LEWIS SULLIVAN. PAUL LYNCH had looked forward to attending but suffered a fractured knee late in May. Paul is a securities expert and investment advisor with Wellington & Company at 120 Broadway, New York; lives with his wife, the former Gertrude Sullivan of Wollaston, in Beechhurst, Long Island. He is quite a golf enthusiast being one of the Governors, member of the Finance Committee and Chairman of the Greens Committee of the North Hills Golf Club in Douglaston, the only private club inside the New York City limits.

Had a note from BISHOP JOHN J. McEENEY, S.J., regretting his inability to be with us on this anniversary. DAN HARKINS being still in Laos also sent his regrets.

Keep the contributions coming in to the Alumni Fund—Old Alma Mater sure can use them.

A breeze from the far Pacific, to quote his letter, brings 40th anniversary greetings from classmate REV. VINCENT I. KENNEALLY, S.J. Vicar Apostolic of the Marshall and Caroline Islands, with his seat at Truk. He chides me for sending the Alumni Day announcement by regular mail, he received it July 24th, rather than by air mail. My oversight with apologies.

BISHOP KENNEALLY'S Vicariate covers 2,000,000 square miles (mostly water) and the only other B. C. man (high school, that is) is Frederick C. Bailey, S.J.

'19 FRANCIS J. ROLAND
10 Homewood Rd., W. Roxbury

The deepest sympathy of all the members of the class is extended to the family of "JIM" HANLEY on the death of his son Lieutenant James Gorman Hanley, United States Naval Air Force, who was killed in the service of his country. May his soul rest in peace! May God grant to his mother, father, sisters and broth-

er the grace and strength to bear the heavy burden of loss.

"BILL" KIRBY, credit manager of Gilchrist Company, Boston, has been elected president of the Retail Credit Association of Boston.

'20 J. ROBERT BRAWLEY
33 Pomfret Street, W. Roxbury

On Sunday, August 10, our class chaplain Rev. JOHN J. LANE, pastor of St. Theresa's North Reading, celebrated the Mass on TV from the Archdiocesan Center at Granby Street.

DR. PAUL N. A. ROONEY of Roslindale passed away during the summer. Paul has been the family doctor of many of the members of '20 for years and his death was a shock to them. A winner of the Distinguished Service Cross in World War I when as an officer in the Balloon Corps he was shot down three times in one day. Paul finished up with 1920 and has been a loyal member through the years. The deepest sympathy of the class is extended to Pauline, Nancy and Billie Rooney and also to Pop PYNE on the death of his sister and to PAUL TROY on the passing away of his mother.

A reminder to the gang—1960 is not too far away and June of that year brings our 40th anniversary. CHARLIE MCGILL would appreciate hearing from all who have not contacted him as yet.

It was also voted at this meeting that Marie Ford, Widow of FRANK FORD, was to become Secretary and will contribute the notes, etc. for the Alumni News. This was done as a tribute to the memory of our Scriptor who handled this office for so many years.

In a recent telephone conversation with FR. PAT COLLINS he wished to extend his greetings to all members of the Class and his regrets for not having been able to be with them on Alumni Day. He is, as you know the Circulation manager of AMERICA and is working very arduously on the 150th Anniversary Circulation Drive. How about sending him a subscription or renewal?

'25 EDWARD J. O'LEARY 22 Bailey Road, Arlington 74

It is with deep regret that we must report the passing of CHARLES McGETTRICK, whose death occurred on April 28 after a lengthy illness. CHARLES, a bachelor, had been associated with the City of Boston from 1926 until serious illness precipitated his retirement in October 1954.

JOHN MALONEY, Headmaster of the Quincy School in the Boston system, retired last June to accept the post of Headmaster of the American School, a private school in San Salvador, El Salvador, Central America. JOHN, who served as a Lt. Commander in World War II, is admirably qualified to administer this important post and we heartily wish him every success. We also extend our sympathies on the loss of his mother who passed away last July.

Belated but no less sincere congratulations to JACK FITZGERALD, the esteemed dean of the Loyola University Law School, who last year was honored by Pope Pius XII who made him a Knight of St. Gregory for meritorious charitable and church work in the Chicago area. JACK resides at 2323 Asbury Street in Evansville and joins ANTHONY JULIAN, the illustrious U. S. Attorney, in enjoying this unique recognition by our Holy Father for their outstanding contribution to Christian daily living.

Boston papers recently carried the story of the retirement of ex-classmate Colonel WALTER FINNEGAN from the U.S. Army. WALTER, a brother of classmate, HUCK FINNEGAN, sports editor

of the Boston American, is a graduate of West Point and served with distinction in World War II. He was awarded the Bronze Star at Leyte and is also the holder of the Silver Star, the Legion of Merit, and the Purple Heart. The Colonel with his wife and two children plan to make their home in New Hampshire.

Congratulations to JOHN CORCORAN, who is now Doctor to you. John received his Ph.D. in Education from Boston University last June.

Congratulations to the erstwhile VERY REVEREND MONSIGNOR PAT RILEY, who is now titled Rt. Rev. Msgr. Father. Pat was recently honored by Pope Pius, who elevated him to the rank of Domestic Prelate.

GERARD E. HAYES, assistant vice-president, National Shawmut Bank of Boston, has been elected national president of the American Institute of Banking.

'26 WILLIAM J. CUNNINGHAM 40 Tennyson St., W. Roxbury

Again a select group of the class enjoyed a beautiful weekend at the Wentworth Hotel in New Hampshire over the May 30th holiday. We missed TONY PERRY in particular who had been shipped out on a short notice to Cambodia. More of him anon. TOM "CAV" and I had fine golf matches, winding up even after two days playing; we even swapped wins on the little nine-hole in front of the hotel. We enjoyed a lobster cook-out on the beach with JACK DORSEY as master of ceremonies.

In the dining room DR. BOB O'DOHERTY acted the continental host to perfection; we had more fancy dinner wines offered to us than I for one, had ever seen before. They were delicious! TOM MURPHY and CHARLIE SCHROEDER kept the boys on an even keel and things on a dignified level. Me, I just took notes for this report.

Had the pleasure of working again this summer with FRANK REPETTO at the Dorchester Summer High School.

Got a note from ED LUDDY earlier, from North Adams. Young Tom, at St. Joseph's High School in North Adams, won a State championship in the American Legion Oratorical Contest, in Springfield. ED and his wife are justly proud. Came across a couple of pictures which I should have reported in our last issue. Both concerned dignified RAY SCOTT, acting as judge at Jeanne d'Arc Academy's Science Fair in Milton and also

appearing as a seminar speaker in a panel discussion on Science and Education at Alma Mater.

I have a nephew in West Medford who attends Medford High School. When I asked the names of his teachers up pops the name of "MR. ZIRPOLO." Through nephew Jimmie I found that "AL" is definitely back from Southern California, and is anxious to hear the gossip about the boys.

JACK DOOLEY, with whom I am playing golf on the day I am writing these notes, sent me in June a page from the Maryknoll Magazine in which FATHER TOM QUIRK, M.M. wrote an interesting story of an experience in China. Father Tom had the unique experience of giving First Communion to a youngster, well before the Communists took over, when the Maryknollers were exiled. On his return to Free China, Formosa, to be precise, his new Assistant was the same young boy, now an ordained priest.

Young JOHN DOOLEY goes to Seton Hall Medical School at Jersey City Medical Center, this fall. JOHN's boy is the only B. C. boy accepted at the Medical Center.

Changes in clergy assignments: FR. EDWARD DOWD to Pastor of Most Blessed Sacrament, Hough's Neck; FR. JAMES LALLY from Kingston to Sacred Heart in Quincy.

Young Margaret goes to the School of Education, the third DOOLEY girl to enter. Four young DOOLEYS are at B. C., or have gone through the college.

BOB O'DOHERTY has bought a large house, one of the older homes in Newton, and is selling his lovely house opposite the College, the scene of many happy affairs for the men of 1926.

Young Dave Gorman, ART's boy, is going to Georgetown Medical this fall, after graduating from Holy Cross.

The DORSEYS, May and JOHN, visited the DOOLEYS at Scituate in August. Dool reports that Dorsey used to be on time when he was single; now that he's married, he's never on time.

My own young Bill, Ensign William Jr. has completed his second tour of duty in the Atlantic, on a radar ship known as a YAGR; ever hear of them before? Young Paul goes into Junior at CBA; both boys are taller than the old man.

Saw a squib in the Pilot recently in which FATHER DAN DUNN has been

made pastor of St. Mary's in Ayer, leaving St. Elizabeth of Hungary in Acton.

Do you remember FATHER JOE KENNEY? The Alumni clipping service sent me a story on his new pastorate at Our Lady of Rosary in Stoughton. Father "Joe" had been twenty-seven years a curate in St. Patrick's in Brockton. His parish is brand new, with an incomplete church.

Now about TONY PERRY. We had planned on him for the annual outing but just a week before the affair, I got a letter from him written on the banks of a river in a Cambodian jungle. He had been sent out there by Uncle Sam to determine whether or not some of our dollars would be spent to build a dam, to provide both irrigation and drinking water. After flying out there via San Francisco, Hawaii, Tokyo, and Hong Kong, Tony completed the journey completely around the world, with stopovers at Istanbul, in Pakistan, in Austria, at the World's Fair in Brussels, London, Shannon and to Boston.

Tony called me the day he arrived in Boston and gave me a detailed report on his trip. Incidentally, the Cambodians are to get the dam.

We regret to announce the death of WILLIAM C. HAGERTY, and request the prayers of the classmates for him.

Under the direction of General Chairman **DICK CONDON**, Secretary-Treasurer, **CHARLIE DRISCOLL**, the committee, and yours truly, the activities of our 30th anniversary of graduation were very successful and were enjoyed by those who participated.

The highlight of these activities was the 30th anniversary booklet, prepared and edited by Chairman **MAURICE DOWNEY** and his committee. A total of 167 classmates submitted their resume but as yet 167, 3 dollar bills have not been received. The printer is waiting to get paid. Please remit your \$3.00 to **CHARLES DRISCOLL**, Middlesex County National Bank, Somerville, Mass., if you have not done so. Thanks a lot. Do you all agree this booklet was a terrific job? I have a notation in my booklet by **BILL GREEN** of Arlington listing the names of his eleven children: Mary, Catherine, Ellen, Francis, Joseph, William, Patrick, Jane, Judith, Joan, John. Bill says, "I take the 5th Amendment."

REV. JOSEPH SHEA, O.M.I. celebrated the 25th anniversary of his ordination in June at Franklin, Mass., his home town. **FATHER SHEA** is pastor of the Holy Family Church in Petersburg, Virginia.

The class was saddened by the death of **JOHN M. MC AULIFFE** who died last May 28th. A memorial was sent to his family. May his soul rest in peace.

An expression of sympathy was extended to **JOHN "TERRY" MARTIN** on the death of his mother.

The most beautiful of our 30th activities was the Family Communion Breakfast held in May. One hundred and twenty-three persons were present, which included classmates, their wives and children. All received Holy Communion and attended Mass in a body at St. Mary's Chapel. Credit the Class of "28" Chairman, **FRANK PHELAN** and his com-

mittee who directed the affair in grand fashion.

A most successful evening was enjoyed on our 30th Reunion. Although small in number the quality of the affair was excellent. Entertainment was by members of the College Glee Club and **FR. HARNEY's** singing and talking. **DAN DRISCOLL** in behalf of the class presented a little "Goldfine" to Father Harney who was making a trip to Ireland. **JIM DUFFY** the "Braintree Squire" was the toastmaster of the evening.

On Alumni Day—about 30 classmates attended the luncheon and dinner. The only out of town classmate to show was **TONY RUSSO**. What is the matter with all you other fellows? Getting set in your social activities. After all we have been out only 30 years—some of us having been associated for 34 or 38 years. Have you forgotten this association or does it mean anything. It seems that the same old reliable classmates show up for all the affairs; it is very disappointing to send out over 200 cards and get responses of around 40 classmates. At least acknowledge the card, express your regrets, or say hello. Our beloved classmate priests were in attendance. Fathers: **JOHN KELLY**, **HAROLD HIRLEY, S.J.**, **FRANK WILKIE**, **CHARLES MURPHY**, **FRANCIS SHEA**, also **HON. FRED MC MENIMEN**, **WARREN FITZGERALD**, **DR. BOB DONOVAN**, **PAUL MCCARTY**, **OWEN DOOLEY**, **TERRY MARTIN**, "VEEP" **DICK CONDON**, **CHARLIE DRISCOLL**, "Money Bags," **JACK DOHERTY**, **FR. ART SHINNEY** who has the statistics on the booklet. **MIKE GALARDE**, **JOHN HALLIGAN**, **JIM DUFFY**, **MAL MCLOUD**, **ARTHUR DOWNEY**, **DAN DRISCOLL**, **JACK MCGILLIVRAY**, **FRANK MURPHY**, **ALAN O'FARRELL**, **CHARLIE KELLY**, **COACH "SNOOKS" KELLY**, **CONNIE O'DONNELL**, **MURRAY PAGE**, **ED SILK**, **CHAUNCEY MULLEN**. Everybody enjoyed themselves.

NEIL T. SCANLON has recently entered the political arena. He is a candidate for State Senator from the First Norfolk District. **NEIL** lives in Braintree. **JIM DUFFY** is available as campaign manager.

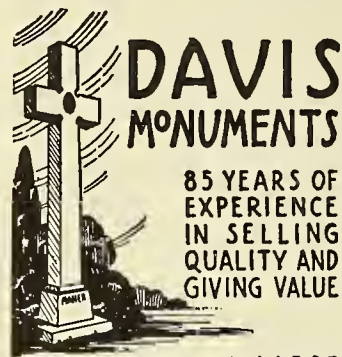

Congratulations to the boys and girls of our classmates that have recently graduated from High School and College. **JACK DOHERTY's** boy from Jamaica Plain High, **PAT TOMPKIN's** boy from Boston College High, **WARREN FITZGERALD's** daughter from Belmont High, **ALAN O'FAFFELL's** daughter from St. Joseph's Academy.

In behalf of the class of "28" we extend best wishes to the newly elected Alumni Officers particularly **MONSIGNOR CHARLES FLANNIGAN** my worthy opponent. Many thanks to those of the Alumni that voted for me.

Now that all the pulling and hauling, badgering and heckling are over—or nearly so—it seems as though we can look back on our 25th reunion with at least a modest satisfaction. CHARLIE O'BRIEN, as retiring Alumni president announced and presented the McKENNEY award to BILL FLYNN. JIM CONNOLLY, who had previously done a fine job as toastmaster at the Laetare Sunday Communion Breakfast, presented Father Rector—an honorary

'37 ALBERT J. SULLIVAN
6 Powder House Ter., Medford

BILLY SULLIVAN has been getting his name in the papers oftener than anyone else in '37 this last quarter. Not only did he win a promotion to President of Met. Coal & Oil, (from PR-Director)—the testimonial dinner thrown by his friends was, according to BEN HINES "a huge success"—but he got much sports page coverage for his Norwood Sports Center notion. Fenway Park would have been moved, among other things. No recent word on this.

BEN HINES, too, has moved upstairs from his PR-desk in the New Haven R. R. Now Ben is resident information officer for the road in Eastern Mass. and R. I.

Another promotion: CARL CAROCELLI has become VP in charge of sales for the Ryan Mfg. Co. of Ware. Carl has had 20 years experience in "Kitchen planning" (I am not exactly sure, either, what goes here) and sales.

'38 THOMAS F. TRUE, JR.

The large and enthusiastic turnout for our 20th Anniversary, last Alumni Day, indicated a revived interest in our class among the members of '38. The Class was immeasurably saddened by the death of classmate Fr. JIM JOYCE at St. Elizabeth's Hospital, July 28. He had served in several churches of the Boston Diocese and as teacher of history at St. Sebastian's Country Day School prior to his 1951 appointment as professor of history at Cardinal O'Connell Minor Seminary. Fr. PAUL GALLIVAN was Eulogist at a solemn Mass of requiem sung at Fr. Joyce's home parish, St. James, Salem. Requiescat in Pace.

Legislative counsel of the Greater Boston Chamber of Commerce JOHN RODDY forsook bar for blackboard recently when he gave the course in Corporate Finance at the School of Banking sponsored by the New England Commercial Bankers Association at Williams College. Professor Roddy has one son, John J. Jr., age four. HERB MALLARD, still managing for Crosse & Blackwell continues to fracture par regularly and is a leader in Massachusetts and New England Amateur Golf.

Among our swift and/or far-traveling Thirty-Niners is Capt. ANDY BISMARCK of Eastern Airlines who still holds the Miami-Boston commercial speed record. He tells us that GEORGE FARREL has been doing an excellent job as president of the Miami B. C. Club. Col. TIM DACEY was stationed at a Strategic Air Command base in

England at last report. Fr. JIM McNIFF has forsaken the horse we mentioned last issue for an airplane. According to America Magazine he set out in June for a 33 day trip to ten Central American and Caribbean republics in connection with his work as an expert in activity of the Confraternity of Christian Doctrine. Fr. JOHN V. DRISCOLL, back from Rome, is Faculty Director of the B.C. Glee Club.

BILL McCARTHY is associated with Boston Edison Company in the Stores Division. TOM PALUMBO was head coach at Somerville's annual baseball training clinic this year.

There is nothing like a statistic or two to lend an air of authority to these dispatches and consequently we submit the following. Statistics (vital); to the PAUL NAGLES a son, Donald Patrick, the fourth boy of seven children; to the WILLIAM HOLLANDS—sustaining the trend to seven—a girl, Kathryn; to the CHARLES MURPHYS (controller—Gladdings, Providence) a boy, Brian Paul, who joins a brother and sister. Statistics (remarkable); 1.77% of those receiving certificates of completion at the Naval Reserve Officers Training School in Boston were thirty-niners, Lts. DICK BULMAN and WILLIAM FORD and Lcdrs JIM DOHERTY and PAUL NEEDHAM. Statistics (unique); 100% of the winners of this year's William V. McKenney medal were Thirty-Niners, BILL FLYNN. The award was long merited and modestly received, and we are glad to share in the reflected glory. Congratulations, Bill!

CMDR. DAVID RAYMOND FITZGERALD is planning a key role in U.S. operations in Lebanon. He is now stationed on a Navy ship off Beirut as Chief of Staff of Transport Squadron Six which landed a large part of the Marine force on the beaches of the strife-torn land.

Notes and news are scarce, as usual—and welcome, as always. Drop a line to the ever eager secretary, address above.

ROBERT J. LAWLER '48

FUNERAL HOME

363 South Huntington Avenue
Jamaica Plain

(opp. Cardinal O'Connell Seminary)

MY CREED: To serve every family as if they were my own to treat every woman as if she were my mother or sister . . . every man as if he were my father or brother. This is my creed as a funeral director.

ROBERT J. LAWLER

1943

The condolences of the Class are extended to TOM ANTICO on the death of his mother, and to JIM CONNOLLY (A&S) on the death of his father.

Mid-east tensions found ED O'SULLIVAN in Lebanon where he has been an Esso Standard Oil Co. exec. Ed has been with Esso for 13 years. The O'Sullivans have four children and by now there may be another in the household. . . . JOE LYONS is making a strong campaign for nomination to the Governor's Council seat for the 2d Councillor District. He has Boston and Norwood law offices.

A backward look to Alumni Day found JOE REPKO coming from Rochester, N. Y., for the day. Joe is the successful head coach of the Aquinas Prep School football team. Joe and his pretty wife have four daughters. . . . Speaking of children, do Mr. and Mrs. JACK RAFFERTY hold the class record? They have eight. Jack is an electronics scientist with the Bureau of Standards, Washington. . . . Among others at the 15th reunion were JOHN ACTON, LOUIS ALFANO, PAUL ALPHEN, BOB BLUTE, WALLY BOUDREAU, DICK BUCK, BOB BUTLER, BOB CASEY (he's now stationed at the Chief of Naval Operations, Washington), JIM CONNOLLY, GEORGE CRISS, STEVE D'ARCY, JOHN DAY, JIM DUANE, HENRY DUCEY, NICK FLYNN, BOB GALLIGAN, DAN HEALY, MIKE HOLOVAK, JOE HURLEY, ART KENNEDY (Wolly Segap's right hand man), TOM KENNEDY, ED LAMBERT, JOHN LARNER, JOHN LOGUE, JOE LYONS, TOM LYONS, JOHN MCCARTHY, ED MCGILVER, JACK MAHONEY, JOHN G. HECTOR ALEXANDER is director of the Arthur Murray studios for New England. . . . ED MYERS, the CBS-WEEI news editor, was awarded his law degree at the June commencement exercises at the Heights.

An inspiring story out of Fall River is that of Lily Manning, wife of Dr. JOHN K. MANNING. Stricken with polio three years ago, she has been appealing to the public to take Salk shots, is learning to use an electric typewriter by tapping the keys with her teeth, and, most of all, with steadfast faith says, "I have a hunch I'll go to a shrine some day and get up and walk away." The Mannings have two sons John, 10, and Michael, 6.

In connection with our 15th year celebration, the CBA men made their usual excellent turn out for all affairs; among those present at the Laetare Sunday Communion breakfast were FRANK FARRY, JIM DUNN, SAM LOSCOCCO, ED MADDEN, ED SMITH, FRANK READE and JACK BURKE. Serving this Mass, which was celebrated by FR. JIM O'DONOGHUE, was Rick Murray, son of your correspondent.

Our next gathering of the faithful was the cocktail party, held June first at Alumni Hall. From New Hampshire, JIM GRIMES came down minus Mary, but next year we expect to see the better half of this family; also present were JOE NEVINS, escaping from Raytheon for the day, ANDY CARNEGIE, JACK HAYES, JIM DUNN, PAUL HEALY

who reports that JAKE REARDON was tied up with Cambridge politics for the day.

In the climax of the 15th year, Alumni Day, many of the CBA Bald Eagles were on hand, for the luncheon or dinner, or the day. Now that six long years have elapsed since those halcyon days at the Heights your correspondent feels that not a few of our numbers have been altogether too silent as to their whereabouts and doings. Accordingly I am going to ask each and every one of the gang in '52 to take a minute or two some time before the next issue and drop a line as to family, job, etc. so that I might include that information in our column of the Winter issue of the Alumni News. (If any of the wives happen upon this request please get the old boy on the ball!) . . . Thanks . . . Those going off the deep end include BOB EARLEY, BILL SHANNON and JOE SHAY . . . NO FOOTBALL...

Next year, The Great A&P Tea Company will observe its One Hundredth Anniversary.

The first store was opened in 1859 on New York City's waterfront. The founder was George Huntington Hartford, a native New Englander.

Long before the first touchdown on an American gridiron thrilled a few puzzled spectators, A&P was serving the public with quality foods at low prices.

And just as the great fall sport has continued to attract more and more fans down through the years, so A&P has continued to attract patrons in increasing numbers.

We predict that American football can look forward to even greater days ahead.

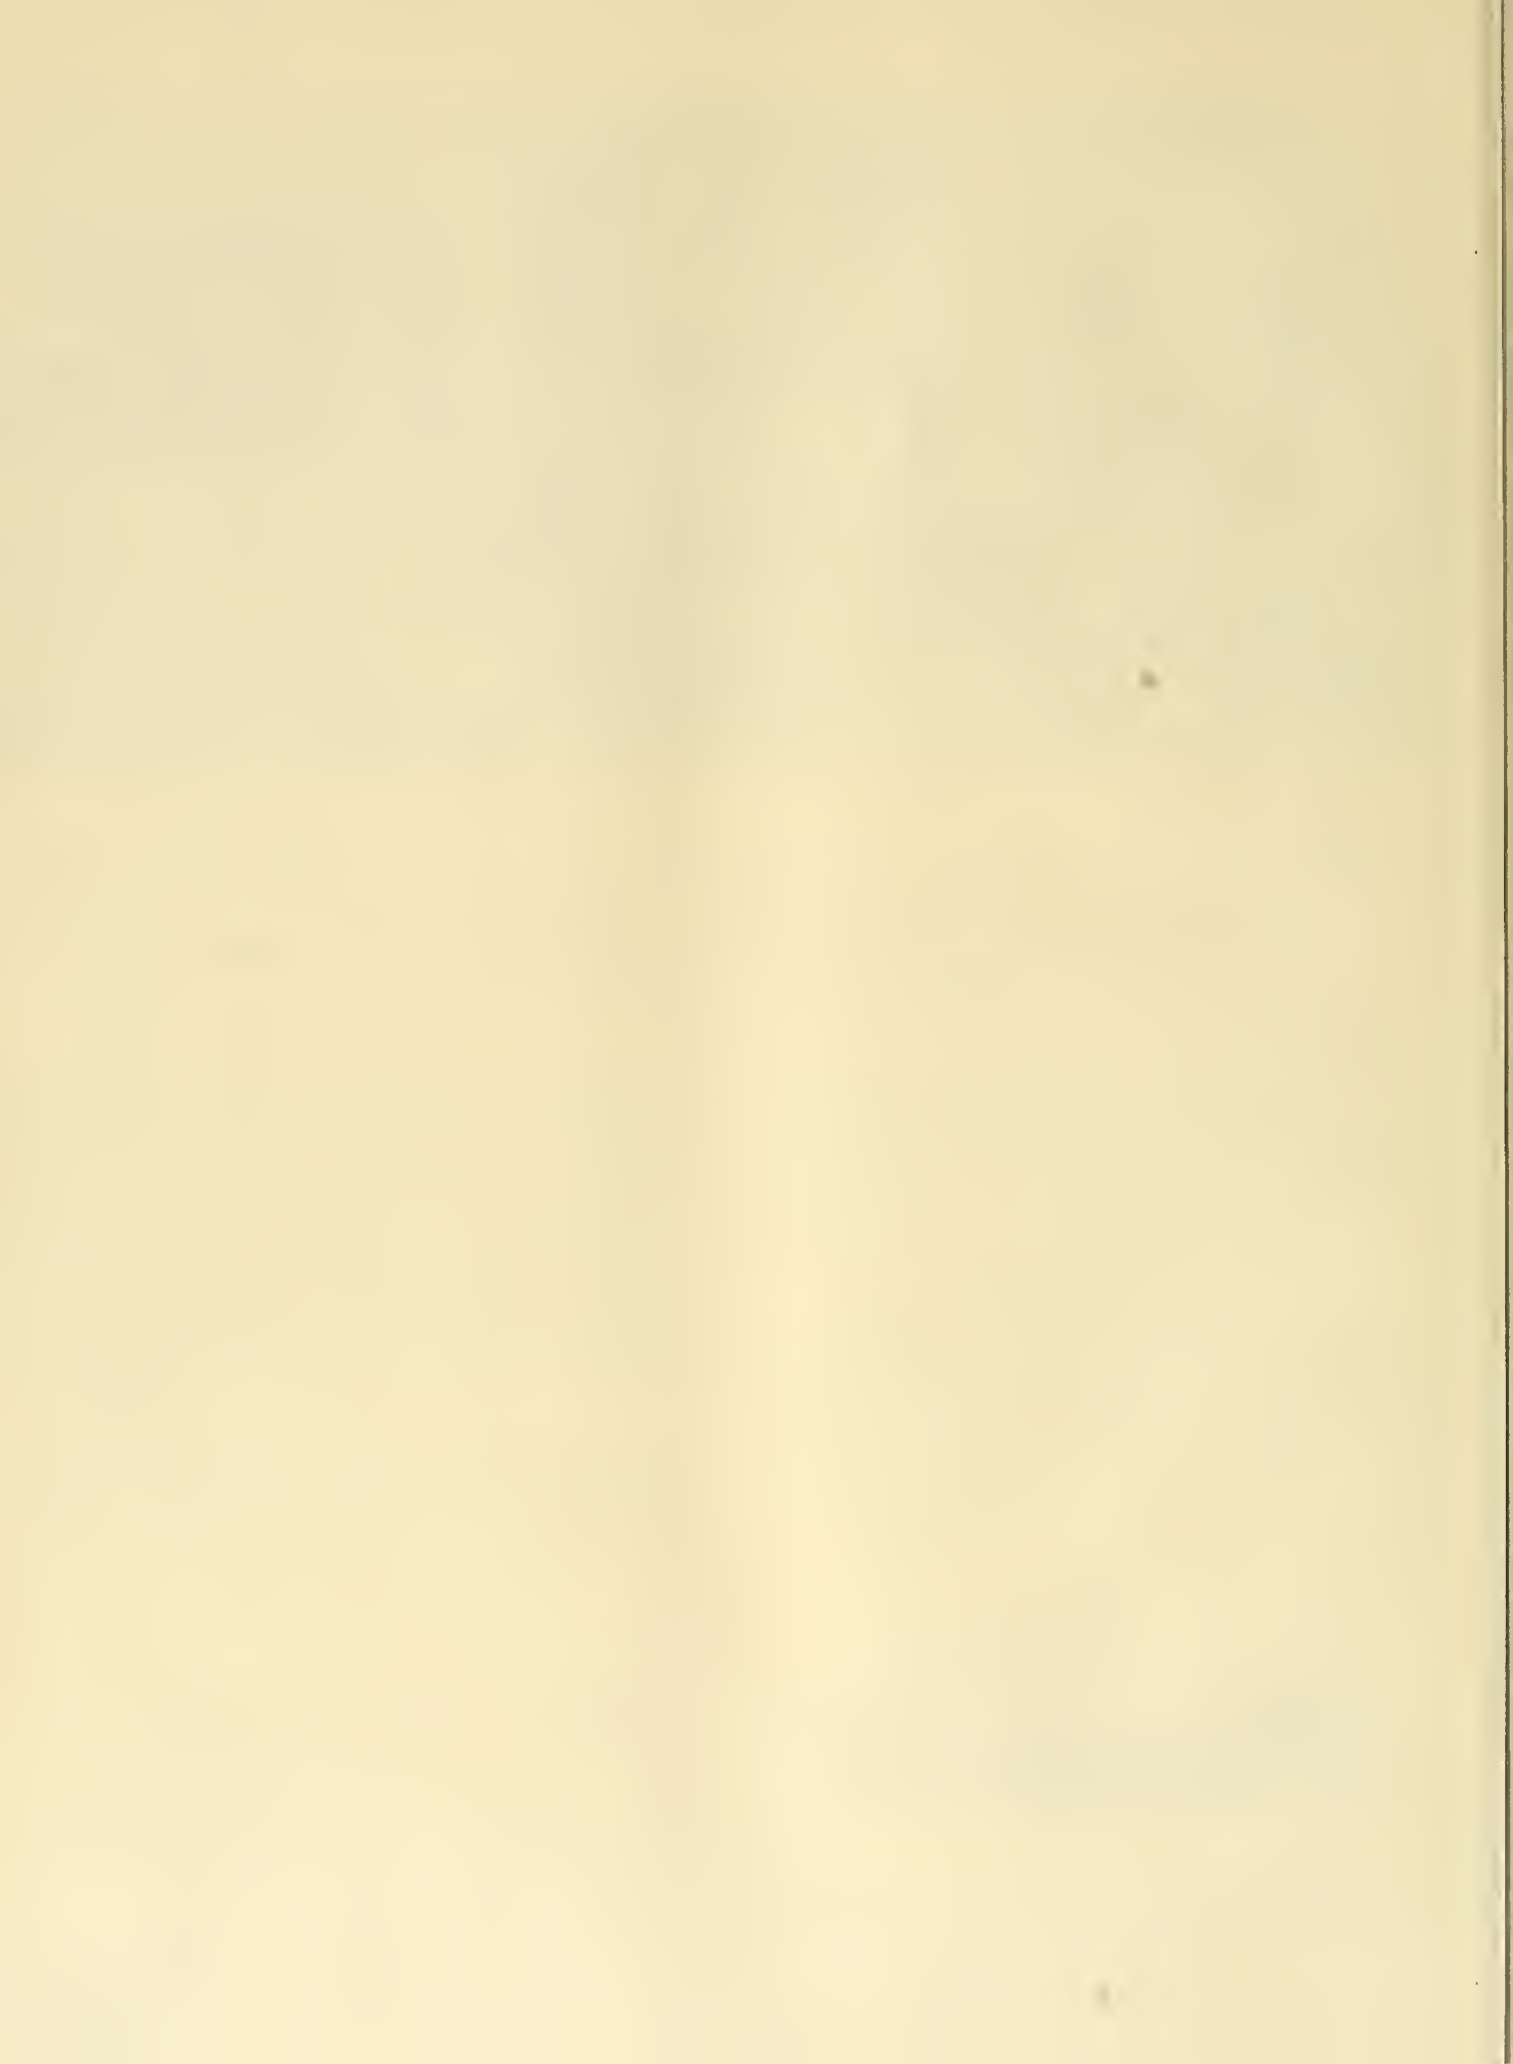

We hope, too, that our company can go on and on serving satisfied customers for many years to come.
